Friendly dogs only please! Dogs must be under their owner's control at all times when outdoors. **To prevent damage to our cabins, dogs are not allowed to be left unattended inside a cabin unless crated.**

We would appreciate dog owners keeping their pets off the furniture. Please pick up after your furry friend. We have "doggie bags" at a station near the front gate. Use the bags with our compliments! You are responsible for any damage or extra cleaning caused by your pet.

**Additional Items:**

We ask that all guests be courteous to their neighbor by keeping noise to a minimum after 9pm.

Our cabins **do not** include daily maid service. If you need additional towels/sheets during your stay, please let us know and we will accommodate your needs for a small additional fee. Please see the “Cabin Inventory” list on our website if you need to know the specifics of the cabin contents.

Crowley Lake is an internet hotspot. The hotspot is maintained by Schat.net (a private company). You can connect to the internet through the hotspot for an additional fee paid to Schat.net.

Crowley Lake sits at 6800 feet in the Eastern Sierras. Our remote location offers wide open spaces and gorgeous lake views. However, being in such a rural area also brings with it wildlife such as chipmunks, field mice, birds, and insects. This wildlife can make your stay special, but every once in a while a chipmunk or field mouse has been known to find itself lost inside a cabin. Please be mindful and keep your food items in sealed containers/locations.

I have read and understand the above policies. I agree to abide by the policies set forth in this rental agreement.
